Parenting Tip

February is the month to celebrate love on Valentine's Day, but the commercialism of the day can confuse children and make them believe that love is only about giving and/or receiving something. While that may be part of love, true love unfolds every day in the way we treat each other, help each other and care for each other. True love takes work, requires action and seeks to meet the needs of the one we love. Talk to your children, no matter the age, about what real love actually looks like, so they can grow up to give and expect that kind of love in their lives.
